

Oprah and Elie Wiesel Video

One thing I learned:

Mother and Sister of Elie most likely burned in crematory first night of arriving.

One thing I found interesting:

Elie and his father moved to the torture center.

One observation about Elie:

Elie was wise and insightful.

One observation about Auschwitz:

There was constant torture throughout the inmates.

A summary of my reactions:

I am shocked, not only because of everything that happened in Auschwitz but how Elie is just extremely insightful and seems happy as well.
